

Sponsorship for 2023 Hot Shot Resident and Day Camps

Dear Family,

We are looking forward to having your child attend one of our upcoming Hot Shot camps!

If you think that your family will have difficulty with payment of the family camp fees, you may consider recruiting a local business or civic club sponsor to help you. A business or civic club sponsor may provide a complete sponsorship and pay your child's full fee, pay the remainder of your outstanding balance, or pay a portion of your camp fee. You may recruit more than one sponsor, if needed. We will credit sponsorship gifts to your account.

Our enclosed "Sponsor Request Package" includes information for the family and prospective sponsor. Also included is a form to be completed by the family and a representative of the sponsoring organization indicating the level of support they will provide. Please complete the family section of the Scholarship Sponsor Request form, and then provide the form and the Sponsor Information sheet to each potential Sponsor.

After completing the Scholarship Sponsor Request, the sponsor is to return the form, with their gift enclosed, to the DYS office. This will help us assure that the sponsorship funds that are received are credited correctly to your child's account. We will notify you of all funds that we receive from a sponsor on your behalf.

We will accept the sponsor's written pledge to pay their chosen amount up to 14 days prior to the camp. The balance of the fee, or payment arrangements for the fees, is due one week prior to the first day of camp. To make certain that your child's place at camp is reserved, please send us the registration form and registration deposit as soon as possible.

We look forward to serving your family through our diabetes education programs.

Cordially,

Cindy Presser

2023 Sponsor Information

Thank you for your consideration to sponsor a child with diabetes to attend diabetes camp, where he or she will learn critical diabetes management skills and “not be the only one with type 1 diabetes.” For many children, this opportunity is the difference in living healthy and well with this difficult disease. For some, it literally saves their life.

Each year, children with type 1 diabetes receive vital support, education, and encouragement at DYS Hot Shot resident and day camps. All families receive aid from subsidized program costs for attendance. Over 60% cannot pay some, or all, of the remaining fees to attend.

Since 1984, DYS has been committed to serving every child, regardless of family ability to pay. We accomplish this every year only through the generosity of friends, including civic organizations and clubs, individuals, businesses, and other generous donors who help us cover costs for all children who need it.

When you sponsor a child to attend diabetes camp, you give them hope and empowerment to live well. As a 501(c)(3) non-profit charitable organization, all gifts to DYS are tax-deductible as provided by law. Additional information is available on our website at dys4kids.org. Please consider referring a child for services or sponsoring a child from your community.

Full Sponsors

All children’s camp fees are much less than cost of service. The difference is paid by our generous sponsors and donors. Sponsors may provide full or partial sponsorships and are asked to provide full sponsorships when possible. Full sponsorships pay for the full cost of serving one child in the specific camp program.

(Partial) Camp Fee Sponsors

A sponsor may choose to provide only the discounted camp fees for the child. Any amount is helpful.

The budgeted costs per child for the 2023 camp programs are:

	<u>Total Cost of Camp</u>	<u>Family’s Camp Fees</u>
Little Shots Day Camp	\$ 725.00	\$ 225.00
Middle Shots Resident Camp	\$ 1100.00	\$ 450.00
Big Shots Resident Camp	\$ 1500.00	\$ 600.00
